

CONVENIENT LOCATIONS

When you need lab or imaging services, such as a mammogram, x-ray or blood test, you want it done quickly and easily. That's why Memorial Health System has conveniently located outpatient facilities that can perform laboratory testing and a wide variety of imaging services. Some locations offer lab studies only, others a wide range of diagnostic imaging including, x-ray, mammography, MRI, CT scan, ultrasound, and more.

EXPERT IMAGING SERVICES

Diagnostic imaging uses different types of advanced technology, depending upon the exam you need, to create images of the inside of your body. These images help your physician make a diagnosis or rule out problems. Your physician may refer you for one or more diagnostic imaging exams.

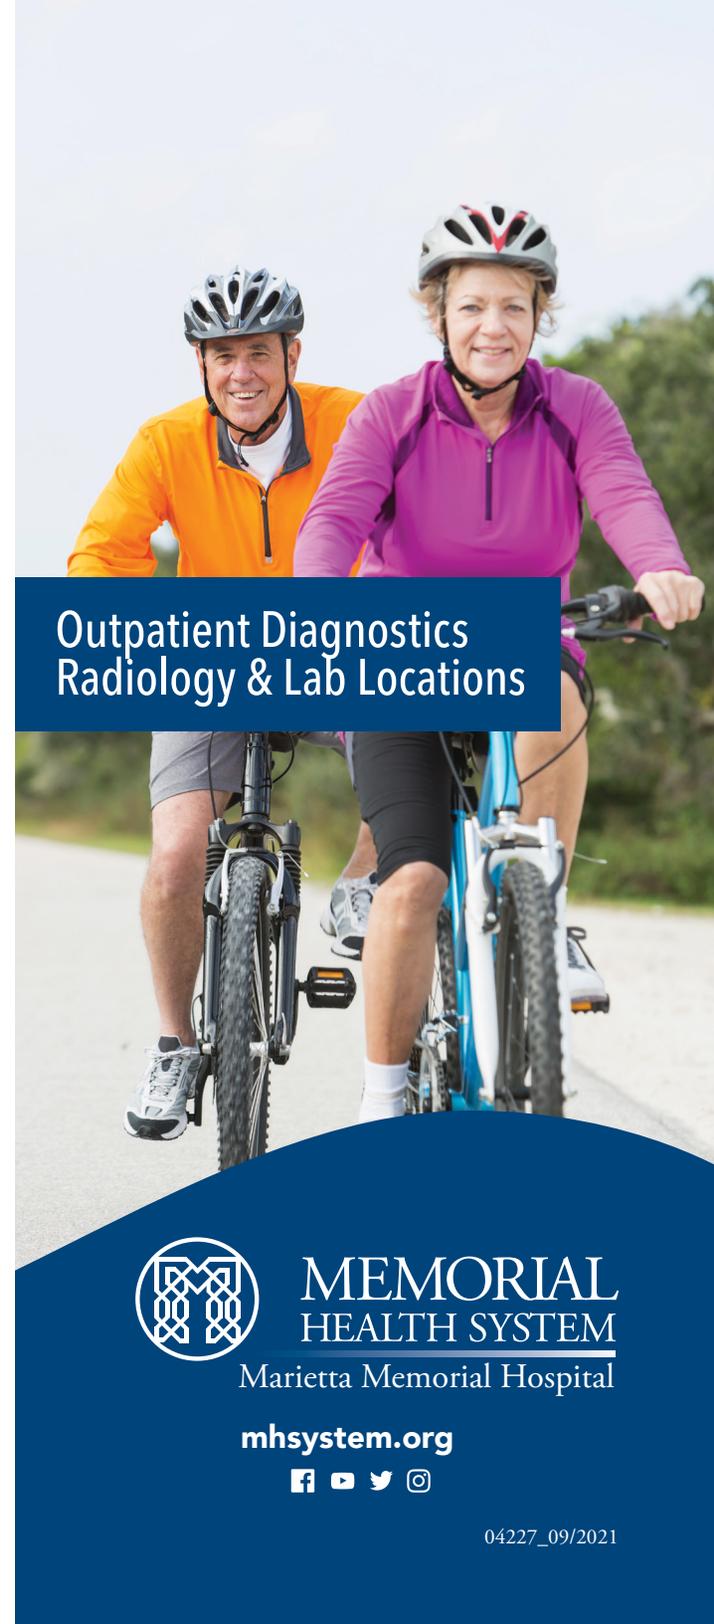

SERVICES YOU EXPECT

Our radiology and diagnostic imaging locations serve our patients with the quality care you expect from Memorial Health System—giving you accurate and speedy results. Please consult the chart for details.

Please note: Physician orders are required for all imaging services. For more information or to schedule an appointment, you can call (740) 374-1417. For location details, please see inside.

HELPFUL HINTS

- Be sure to follow pre-test instructions, some tests may require you to fast or wear comfortable clothing. It is very important for you to follow directions to get the most out of your test.
- Arrive 30 minutes prior to your appointment to allow for registration. Please note: for walk-ins, it's first come, first serve. Some tests may take longer than others.
- Bring your insurance referral, if required, insurance card and photo identification.
- If you're not fasting, come later in the day. Late morning and afternoons are less busy.
- We accept most major insurances. Please consult your insurance plan to determine coverage for any testing that is to be performed.

Please remember many tests require an appointment and the phone numbers are listed to the right.

WALK-IN LAB TESTS

Lab tests require a physician's order. No appointment is necessary at our laboratory locations. Outpatient facilities utilize the hospital's state-of-the-art clinical full-service laboratory equipped to perform testing which spans the major disciplines of laboratory medicine. You will benefit from quick, accurate results. Please see the chart for where walk-ins are accepted.
