

Fund Descriptions

Area of Greatest Need Fund

- Unrestricted funds that allow us to assess and support our patients' greatest needs as they arise.

Bariatric Exercise Fund

- Funds are designated to provide specially designed, personalized treatment plan and exercise program opportunities to patients wanting to improve their health and lose weight.

Bridges Forward/Stroke & Brain Injury Exercise Fund

- Funds are designated to support structured exercise participation at the Marietta Family YMCA for individuals who have survived stroke or brain injury.

Cancer Center Breast Health Fund

- Funds are designated to support patients in need with screening mammograms.

Cancer Center Patient Emergency Fund

- Funds are designated to support eligible patients who are actively undergoing treatment to maintain patients' quality of life and continuity of care. Support includes transportation to and from appointments, prescribed medications, and necessary dental care.

Jim Christy Pediatric Fund

- Funds are designated to provide therapy services and supplies, medications, equipment and transportation for pediatric patients aged 0-12 in Washington County based on need.

Diabetes Education Fund

- Funds are designated to provide a patient centered experience offering private or group education sessions that allow adults and children with diabetes to better understand and cope with their disease.

Evergreen Child Development Center

- Funds are designated to provide health and safety supplies and equipment for Evergreen Child Development Center.

Friends of Selby

- Funds are designated to improve patient experience at Selby General Hospital, a nationally recognized, award-winning orthopedic and neurosurgery hospital.

G.R.A.C.E. Trust Employee Assistance Fund

- The Giving Relief and Aiding in Catastrophes and Emergencies (GRACE) Fund was created to provide financial assistance to our valued team members in times of unexpected and catastrophic financial hardships.

Heart and Cardiac Rehab Fund

- Funds are designated to assist patients with cardiac rehab recovery, transportation, and medical instruments to check their heart at home.

Hospice Fund

- Funds are designated to provide medication, transportation, medical devices, and comfort care items to improve end-of-life care.

ICU Renovation Fund

- Funds are designated for the renovation of Marietta Memorial Hospital's ICU to provide the next level of specialized care to our most critically ill patients in a soothing environment. Expanding to 20 private patient rooms two family waiting areas that offer privacy and support to loved ones.

Lung Screening Fund

- Funds are designated to allow qualified individuals to receive a preventative lung screen to identify early stages of cancer.

Patient Centered Caring Fund

- Funds are designated to provide medical necessities and assist with transportation for patients in need who are not staying in the hospital but are being seen in physician clinics.

Pediatric Assistance Fund

- Funds are designated to provide healthcare supplies, equipment, medication, and transportation for pediatric patients based on need.

Pediatric Therapy Fund

- Funds are designated to provide need-based programs or education to help children develop, improve, or regain communication skills, daily life skills and motor functions.

Rehab Support Group Fund

- Funds are designated to provide support for individuals and caregivers who have survived stroke or brain injury.

Sistersville General Hospital Patient Transportation Fund

- This fund supports the patients of Sistersville General Hospital and area clinics with transportation to appointments in their area or other Memorial Health System locations. This benefits patients in Tyler and surrounding counties including, but not limited to Monroe, Pleasants, Ritchie, Washington, and Wetzel.

Social Services Prescription Fund

- Funds are designated to assist in-patients with purchasing medications needed for recovery.

Teddy Bear Fund

- This fund provides a complimentary stuffed animal to comfort patients when treated throughout Memorial Health System.

Thomas and Ella Wong Healthcare Merit Scholarship

- This fund awards one or two scholarships of up to \$1,000 each to high school juniors and seniors who plan to study health care in college that meet the criteria requirements.

Transportation Fund

- Funds are designated to provide transportation for patients in need to assure they can receive the care necessary for recovery.
