

Thank you for participating in the 2023 Fund Run!

Funds raised directly benefit our patients with the three funds below:

Bariatric Exercise Fund

Funds are designated to provide specially designed, personalized treatment plan and exercise program opportunities to patients wanting to improve their health and lose weight.

Bridges Forward/Stroke & Brain Injury Exercise Fund

Funds are designated to support structured exercise participation at the Marietta Family YMCA for individuals who have survived stroke or brain injury.

Diabetes Education Fund

Funds are designated to provide a patient centered experience offering private or group education sessions that allow adults and children with diabetes to better understand and cope with their disease.

Memorial Health Foundation

Since 1981 Memorial Health Foundation, a not-for-profit organization has been dedicated to building a healthier community through education, special patient assistance funds, charity care, state-of-the-art medical equipment, and funding to areas where the need is greatest throughout the Memorial Health System and our community.

But we can't do this alone. We are so grateful for our generous benefactors. With your help, we can continue to provide world-class healthcare close to home. For more information, please contact Memorial Health Foundation at (740) 374-4913 or foundation@mhsystem.org.
