Golytely Prep for Colonoscopy

You will need 2-Bisacodyl 5mg tablets (Over the counter)

1 DAY PRIOR TO PROCEDURE

- Begin a clear, liquid diet** (i.e clear soup broth, lemon/lime Jell-O, water, coffee, tea, Sprite, Ginger-Ale, apple juice/white grape juice). Avoid liquids with red, orange, blue, or purple food coloring as well as milk, alcohol, and solid foods.
- Drink at least 8 glasses of water** during the day to avoid dehydration.
- 4PM: Drink one glass of Golytely every 15 minutes until 2 liters (1/2 jug) is consumed.** Complete this within a 2-hour time frame. Take 2 Bisacodyl (laxative) tablets by mouth. These may be purchased over-the-counter.
- 7PM: Begin drinking Golytely again and continue to do so until the entire jug is consumed.**
- Nothing by mouth after midnight**

DAY OF PROCEDURE

- Avoid eating or drinking** unless you have been instructed otherwise.
- Take necessary medications** with a small sip of water.
- Arrive at the hospital** at your specified procedure time.
- Bring a trusted individual with you or have them arrive following your procedure to drive you home. **You are required to have a driver.**

WHAT TO EXPECT

- Mild nausea or abdominal fullness which is tolerable
- Hunger which is tolerable
- Profuse watery bowel movements

Your preferred pharmacy is listed as: _____

This prep will be sent to your pharmacy.
